Sandwich Community Association

To refresh our memories: on April 5, 1946 the Sandwich Athletic Club was organized "to carry out and further the interest of physical education for the people of Sandwich and surrounding districts."

On December 30, 1948 "the club" was incorporated under the provisions of the Laws of New Hampshire as The Sandwich Community Association. Under the Articles of Agreement is found: "The object for which this corporation is established is to foster, encourage or promote such projects, activities or events as will enrich, improve or enhance the recreational, social and/or community welfare or the residents and visitors in the town of Sandwich, New Hampshire."

It will at once be noted that the provisions and scope of this article are very broad. Through the years since 1948, your Community Association has worked quietly to provide tennis instruction; organized activities for youngsters; skis and skiing instruction; maintenance of the beach, float, life saving boat and other equipment; and has contributed and cooperated with the Sandwich Chapter of the Red Cross in the purchase of boats and equipment and the hiring of life-guard personnel. Annually, it has removed and stored under cover the boat and all but the larger sections of the float. For the last three years it has provided an illuminated "Christmas Tree" in the upper square, and prior to that, conducted competition for decorated doorways and houses at Christmas time. It has struggled with the complex problem of providing ice skating in or near the 'Center.' This winter with the cooperation of the Fair Association and the Board of Selectmen, a "rink" has been provided on the new ground by Creamery Brook, which may safely be plowed.

We earnestly entreat everyone who is interested in the aims and objectives of the Association to maintain his active membership at \$1.00 per year.

School Warrant

To the Inhabitants of the School District in the Town of Sandwich qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 5th day of March, 1955, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
5. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.
6. To see if the district will vote to approve the recommendation of the supervisory union board in providing for a guidance counselor for the schools of the union, in cooperation with the Federal government, at an estimated cost of \$286.00 as this district's share.
7. To see if the district will vote to petition the State Board of Education to become a part of a cooperative school district of the region comprising Meredith, Center Harbor, Ashland, Holderness, Moultonboro and Sandwich, to provide for the educational needs of all pupils in grades 7 through 12.
8. If the preceding article is adopted, to see if the district will elect two representatives to serve on an interim committee who shall prepare a financial budget for the operation of the proposed cooperative school district, and include in the organization warrant an article calling for an appropriation for the operation of the proposed cooperative school district during the first

TOWN OF SANDWICH

year and such other items of business as need to be acted upon at the organization meeting.

9. To see if the district will vote to renew the exclusive tuition contract with trustees of Quimby School for a period of not exceeding five years, and at what rate of tuition.

10. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income, the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

11. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

12. To choose a Member of the School Board for the ensuing three years.

13. To transact any other business that may legally come before the meeting.

Given under our hands at said Sandwich this 12th day of February, 1955.

Report of School Nurse

The routine inspections were made and the heights and weights recorded in the spring and again in the fall.

Hearing tests were completed in March, using the Maico audiometer for this testing.

On May 20th a visiting day was arranged for the children who would be entering school in the fall to enable them to become somewhat acquainted with a day's program in the school. During the morning, I checked their vision, checked their weights and heights, and recorded all necessary information on the new health record forms.

Physical examinations were completed by Dr. Walker in November at the grade school. 89 were examined. On December 10th Dr. Walker examined 23 students at the Quimby School. Several severe cases of flat feet and back defects were discovered during these examinations. On December 2nd Miss Bullock, the State Physical Therapy Consultant, came to the school and checked 11 children, giving them instruction in corrective exercises. Many of these children are scheduled to attend the orthopedic clinic in Laconia with Dr. LaFrance in charge. These clinics are held by the Crippled Children's Services of the N. H. State Department of Health.

Vitamin pills for January, February, March and April of 1954 were donated by the Red Cross and the Woman's Club and we are grateful for their help in this way.

In my capacity as a school nurse, my territory embraces the towns of Holderness, Moultonboro, Center Harbor, Sandwich, Freedom, Effingham and Madison. From this area there are four known cases of children suffering from epilepsy. The Center Harbor public library now has the book, "Science and Seizures" by Wm. G. Lennox, M. D., having purchased this at my request. The State Library in Concord also has

T O W N O F S A N D W I C H

this book. This should be of interest to our parents and I recommend it highly—it should help parents and teachers better to understand the children afflicted in this way.

Report of Superintendent and Principal

Teachers and Pupils

When we think back to our school days, what is it that we remember best? Is it the arithmetic lessons, the reading lessons, or the history, geography or spelling classes? Perhaps we try to remember who our classmates were, or possibly we remember a teacher we did, or did not, like. But it would seem safe to say that most of us remember best the good times we had while acquiring, or trying to acquire, the knowledge our elders thought necessary.

Softball games with nearby schools—a trip to the broadcasting station WLNH at Laconia to present a musical program—and especially a visit in January to the General Court in Concord by grades 7 and 8 proved to be very rewarding experiences. A visit to our school on January 31 by Mr. Hyodo, a Japanese school principal, will not soon be forgotten.

We are pleased to report that the conference method of reporting a pupil's progress in the first four grades is proving very popular. Each class had practically 100% attendance of parents at the first conference this year.

Community Cooperation

A blackboard for use in the auditorium, and covers to keep the gym mats clean, have been bought by the P. T. A. and are greatly appreciated. They have also provided a basketball backboard for the playground, and a sand box and additional set of swings will be installed in the spring. We are also very grateful to the parents who volunteered to assist in transportation for the various field trips we have taken this year.

Our High School Program

In the supervisory union report, mention is made of the proposed union-wide high school. Considerable

TOWN OF SANDWICH

discussion during the past year in Sandwich has centered about this proposal. The cost to Sandwich of such a school would be considerable, but the possibility of federal and state aid for buildings is an encouraging sign, and could make it possible for us to join the co-operative at some time not too far distant.

A school of larger size would offer quite a change to our pupils in contrast to Quimby School. The opportunity to choose from a variety of courses, and to profit by the association with more pupils and more teachers would seem to be a definite advantage. The faculty of the larger school could also include specialists in various fields—guidance, mechanic arts, foreign languages, etc.—not available in a small school.

The advantages of our small local academy, on the other hand, are (1) the chance for individual attention in very small classes, (2) nearness to the homes of the pupils, and (3) the support of the Quimby Fund which permits Sandwich to have high school facilities at small cost.

The present curriculum at Quimby School, by providing an approved course in vocational agriculture, receives an annual subsidy from the federal government. By requiring all boys to take the agricultural course, we can have classes large enough to meet the standards; but not all are interested in agriculture, and not all can carry on the home projects that belong with the course.

If agriculture were to be made an elective, and we should lose our federal aid for this department, it would be necessary for the voters to make up the difference by appropriating more money for tuition. This would seem to be a good investment, and may be voted on under an article dealing with the renewal of our contract with the Quimby trustees.

Teachers' Workshop

Our teachers' annual workshops are now traditional in this union. From their very inception they have been successful, covering a wide range of sub-

TOWN OF SANDWICH

jects, such as: conservation, music, techniques in teaching reading, guidance, etc. This past November the workshop was held for three days at the Moultonboro Central School. The theme was based on Moral and Spiritual Values. At first glance, this might seem a matter for controversy and argument. Rather, it proved to be a topic of vital, current importance which drew only very healthy and constructive discussion in the various groups. On the opening morning, Rev. Mark Strickland of Manchester was the key-note speaker. All local clergy, both Protestant and Catholic, in this area were invited to attend and a few of them were present and contributed much in discussion groups. Also invited were parents and PTA members. Included among our outstanding consultants were Miss Anita Petrucci and Miss Pollyanna Andem, both of whom are English teachers in the high school in Weymouth, Mass., where a program for strengthening the moral and spiritual values of pupils has been undertaken with noteworthy success. Other consultants from educational circles in our own state came from Concord, Plymouth, Holderness and Laconia. It seemed to be the concensus of opinion among our consultants and our teachers that this workshop was our "best yet."

Supervisory Union Report

Financial

The union budget for the 1955-56 school year is apportioned among the six districts in this manner:

District		Supt.'s Salary	Travel, Sec. & other exp.	Guidance Director
Ashland	(23.56%)	\$1,060.20	\$1,313.47	\$589.00
Meredith	(34.9 %)	1,570.50	1,945.67	872.50
Center Harbor	(4.74%)	213.30	264.26	118.50
Holderness	(13.34%)	600.30	743.70	333.50
Moultonboro	(12.02%)	540.90	670.12	300.50
Sandwich	(11.44%)	514.80	637.78	286.00
Totals		\$4,500.00	\$5,575.00	\$2,500.00

The superintendent's salary this year is \$6,300, of which \$3,800 is collected from the six local districts and the balance of \$2,500 is paid by the state.

Proposed Guidance Program

The item of a guidance director, at an estimated cost of \$2,500, is to be matched by an equal sum from a Federal appropriation. For two years the union board has been considering the need for the services such a person could perform. Since this is a new service, however, the state law provides that each district must vote separately on this under a special article in the warrant.

A guidance director is of specific help and counsel in various fields. On the elementary level, he can direct remedial work with children who are emotionally upset or who need assistance in their learning processes; and he can help the eighth graders to choose their high school courses wisely and get a confident and successful start in high school.

On the secondary level, our high school teen-agers often fail to find themselves, vocationally and socially. Helping our high school boys and girls to realize their abilities and limitations and steering them into the

TOWN OF SANDWICH

right field of further study or of positions in business and industry is an invaluable service which the guidance director can render for our youth.

Most of our cities provide a guidance director as part of their regular staff. Small towns cannot afford to do this, but on a union-wide basis the cost would be reasonable. The Epping-Newmarket union started such a plan two years ago; it has proved very popular there, and several unions in Vermont and Maine have also reported good results from this type of service.

Our principals and teachers have in many cases been extremely helpful in guidance work. However, I feel that we need a counselor who has special training for this work, and who could devote his entire time to it. He would also counsel with teachers and principals, to assist them to do better what they are already attempting. I recommend the employment of a guidance director as an excellent investment in better education.

Proposed Cooperative High School

Since last year's report, an active effort has been made to form a cooperative district for grades 7 thru 12, for the districts in this union. Such a plan should relieve the crowded conditions existing in most of our schools, and at the same time create a school large enough to provide a curriculum which would be impossible in any one of our three separate small secondary schools.

The towns of this union have been approved by the state board of education as constituting a unit of suitable size and property valuation. Three of the districts have already voted on the question of joining; the other three districts will take action on the matter at the 1955 annual meeting, or at special meetings called for the purpose.

The accompanying map shows the extent of the proposed larger district, and indicates a possible location which is approximately central, based upon a study

TOWN OF SANDWICH

of pupil-miles of necessary transportation. The actual location would have to be determined by vote of the district, or by a committee chosen by the voters.

The original plan contemplated a building to house grades 7 through 12, starting with about 600 pupils. An architect's sketch was prepared for such a building, but the estimated cost exceeded our bonding limit. It seems possible, however, to provide a central high

TOWN OF SANDWICH

school for grades 9 - 12 (about 400 pupils at the start) within our means. This would mean that the cooperative or union board could maintain a central senior high school in the new location, and separate junior high school units (one in Ashland and one in Meredith at least—perhaps others if it should seem best).

New England people are traditionally conservative, and it always seems easier to vote "no" on proposed changes. However, it is a proven fact that the smaller the school, the greater the cost per pupil. Hundreds of communities throughout our nation have found the larger district a practical means of improving their educational facilities without unreasonable expense.

State aid for buildings, as well as some assistance from the Federal government, is being seriously considered. If funds from these sources could be made available, there is no reason why our new high school could not be one of the best in the state.

Conclusion

This is my last report as your superintendent, as I shall retire on August 31, 1955. Since I came in 1934 many changes have taken place. One-room schools have been replaced by new and modern buildings. School enrollments have increased; courses in shop have been added to our high schools; a good program of music education has been carried on; school nurse services and excellent school lunches are now available in every school. However, the most important part of any school program is what happens when the teacher meets the pupil day by day. All our expensive equipment, beautiful buildings, and comprehensive curricula will count for but little without devoted and capable teachers, and pupils who are willing to apply themselves and strive to improve.

These twenty-one years have been very pleasant ones to me, and I am very grateful for the fine cooperation of school boards and teachers, and the friendly

spirit of the people in this union. I wish for my successor the same cordial welcome and hearty support that you have given me, and that he will feel the same thrill that I always experience when a child greets me with a smile and wave of the hand, and says, "Hi, Mr. Bushnell!"

Respectfully submitted,
ALMON W. BUSHNELL
Superintendent
